Dear Honor Judge Matsumoto, Kyo

If you would, please look into to these important Facts below, while I advocate for myself. Thank You!!

- #1. I've not receive my psych meds. Non psychiatrist came to respond/exhaust any remedies.
- #2. I would like if FBI would send All of my Heirloom, clothes, & Artwork, also family items that was in my hotel room in my property & give it to my Federal Defenders Attorneys. Which its very difficult to get Birth-Certificate, Social-security Cards again limited- etc.
- #3. I would like for all entities from probation dept, my legal team to research the deradicalize terrorist program in Sweden, Denmark, Saudi-Arabia few else where that handles virtually therapy internationally - Which my Former Judge Weinstein noted that I need such program which they provide in European countries, Although they could set-up video/zoom in NYC →

at my jail being detained and  
Continue this therapy outside along  
With D.E.E.P. program too.

I really appreciate if you would  
do this for me as I'm clearly  
Need therapy & long time of it too.  
\* I'm in need of therapy at this  
moment either w/ probation therapist  
or Dr. Kate again? Either that  
Virtual Video sessions by government
